Brief:

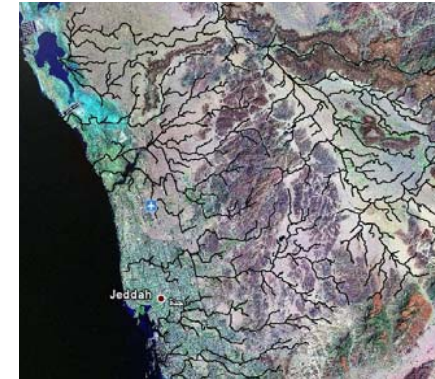

Al-Wadi Office is one of the Expert Houses under King Abdulaziz University Business and Knowledge Alliance.

Office Specialization:

1. Water resources studies and quantity and quality assessment.
 2. Evaluation and analysis of environmental and hydrological hazards.
 3. Environmental assessment of water, soil and rock.
 4. Evaluation and reduction of flood hazards.
- The office conducted many studies and researches in the field of groundwater and surface water. It has also carried out several consultations for various governmental agencies such as King Abdulaziz City for Science and Technology (KACST), Saudi Geolo-

gical Survey, Jeddah Municipality, Directorate of Water and Sanitary Discharge and other private agencies in Makkah area since 2000.

- The office has qualified researchers and technicians in different hydrological, hydro geological and environmental studies.
- The office has connections with the Central Laboratories Unit in KAU for analysis and testing.
